Title: NWHSU Collection of Posters

Dates: 1910-1990s?

Extent: 5 oversized boxes plus 7 separated items

Name of Collector(s): Most of the posters in this collection were donated by Dr. Aaron Flickstein, Dr. David Gerber, and Dr. Cris Oldenburg, according to previous version of finding aid/poster inventory. Donors of some items are unknown. Collection was likely compiled by former library technician Corinne Florin on behalf of Northwestern Health Sciences University.

Administrative History: These materials were collated by one or more persons at Northwestern Health Sciences University at some point prior to May 2011, when former library technician Corinne Florin processed the collection.

Scope and Content: This collection consists of chiropractic, nutrition, and acupuncture and Chinese medicine posters and visual aids. Some are guides for practitioners or students, while others are advertising or patient education materials. They are listed below in a subject list devised by Corinne Florin and in an item-level box list created by Monica Howell, with some additional information noted by Florin. Details on poster size and donor can be found in the poster inventory in the collection file; contact the archivist for inventory access. Each poster is labeled on reverse with its identification number.

Conditions Governing Access: None

Physical Access: Materials are housed in archival storage and may require advance notice for access. Older materials have sustained some damage and should be used with caution. Some posters are rolled due to brittleness. Brittle items may not be able to be used; contact archivist for more details.

Conditions Governing Reproduction and Use: Copyright to these materials remains with the University. The reproduction, broadcast, display, public presentation, and other uses in any means or format of materials protected by copyright, beyond that which is allowed by fair use, requires written permission of the University. The user is responsible for ensuring permissions have been attained as necessary.

Preferred citation format: [Title and date of item]. NWHSU Collection of Posters, University Archives, Greenawalt Library, Northwestern Health Sciences University, Bloomington, MN.

Languages and Scripts of Material: English, Chinese
Other Finding Aids: An older version of this finding aid is available upon request from the archivist. See inventory in collection file for full details on poster sizes and donors (contact archivist for access).

Custodial History: These materials were collated by one or more persons at Northwestern Health Sciences University at some point prior to May 2011, when former library technician Corinne Florin processed the collection.

Immediate Source of Acquisition: Most materials donated by Dr. Aaron Flickstein, Dr. David Gerber, and Dr. Cris Oldenburg, according to previous version of finding aid / poster inventory.

Appraisal, Destruction, and Scheduling Information: Collection was surveyed April 2018; some duplicate materials and materials that are out of the scope of our collections were de-accessioned at that time. Contact archivist with questions about deaccessioned materials. Collection will be reappraised in the 2021-2022 academic year.

Accruals: None anticipated

Existence and Location of Copies: None of these materials are originals, so copies are likely to exist, but their locations are unknown.

Related Archival Materials: Pamphlet Collection

Publication Note: None known

Notes
Some posters are rolled due to their size or to brittleness. Brittle items may not be able to be used; contact archivist for more details. Some materials are dusty or dirty and should be cleaned before use. Most items are laminated and/or foam-mounted. Some items are framed. Some items require electricity to function fully; these may not be in working order.

System of Arrangement: Materials are in order by item number; item list order does not reflect order in boxes. Materials are first listed by box, and then by subject. Items include title or description, followed by publisher/creator and/or date when known.
