Doctor of Chinese Medicine	100%	N/A**
Master of Acupuncture	N/A*	69.0%
Doctor of Chiropractic	100%	87.4%

\*Programs have a cohort size of less than ten during this period

\*\*Student enrollment patterns are volatile given the stackability of these offerings into others.

\*\*Doctor of Chinese Medicine is a new program which does not yet have a completion rate

## Pell Recipient Completion Rate

Percent of NWSU Students who received a Pell Grant	Completion Rate
9.4%	47.5%

## Job Placement

NWSU does not offer job placement services nor does it calculate job placement rates. We are required by specialized accreditors to report graduates' employment information, as indicated below:

72% of Certificate in Massage Therapy completers report employment in their field.

89.9% of Master of Acupuncture graduates report employment in their field.

## Board Exam Pass Rates

Board exam pass rates are an important measure of curriculum effectiveness, student learning and mastery, and pathway to career success. The five allied health offerings will have board or certification pass rate information available in the future.

National Board of Chiropractic Examiners results for the [Doctor of Chiropractic](#).

Federation of State Massage Therapy Boards for the [Massage Therapy program](#).

National Certification Commission for Acupuncture and Oriental Medicine for the [Master of Acupuncture and Master of Chinese Medicine](#).
